

# Recipes with Honey

## Macadamia Chocolate

This is a deliciously rich sugar free sweet. Macadamia nuts are not the cheapest nuts you can buy, which makes them ideal for one-off use in a special gift like this.

### Ingredients:

350g (12oz) cocoa  
Five tbsp honey  
250ml cream  
30g (1oz) butter  
150g (5oz) macadamia nuts  
Pinch of salt

### Method:

- 1) Melt your honey, butter and cocoa powder together in a medium pan over a low heat. Stir until completely dissolved.
- 2) Keeping your pan on a very low heat, gently stir in your cream, salt and macadamia nuts.
- 3) Remove from the heat and allow to start cooling.
- 4) Grease an 18cm fudge tin and pour your liquid in.
- 5) Once completely cool, place in the fridge and allow to set over night. Cut into squares with a sharp knife and wrap or package.
